VERNON, WILBARGER COUNTY, TEXAS, TUESDAY, MARCH 7, 1922.

NUMBER 16.

HARROLD ANNEXES JUNIOR WILBARGER BASKETBALL TITLE

Youngsters From Eastern Part Of County Sweep Aside All Opposition—Swamp East Vernon In Final Game 53 To 2—Four Teams In Tournament For Premier Honors.

Harrold junior boys, displaying a sweeping offense that was not even checked by opposing teams, Saturday won the undisputed championship of Wilbarger county basketball circles on the East Pease street court. The final contest of the tournament conducted here was between Harrold and East Vernon, and Coach Covey's proteges smothered their opposition 53 to 2.

The finals, which commenced at 4 o'clock belonged to Harrold from the beginning. McNamara began rolling the ball through the loop from the first whistle and at the end of the first half the victors were leading 25 to 0. Toward the last of the second half Castleberry registered the lone counter for East Vernon.

McNamara Stars.

Bill McNamara was the star of the game, taking part in every play and scoring twenty-two points. Rook did good work at center and scored eleven markers. Crawford at forward also performed creditably, registering eight points. Nichols scored ten points from his guard position and held his opponent to nothing. Vaughn, at stationary guard, broke up play after play.

The teams lined up as follows:

Harrold	East Vernon	
McNamara	rf.	Shaw
Crawford	lf.	Myers
Rook	c.	Sullivan
Nichols	rg.	Castleberry
D. Vaughn	lg.	Huffman

Referee—J. M. Horne, Tolbert.

Four Teams Play.

Four teams entered the junior boys' championship tournament. They represented Vernon, East Vernon, Thompson and Harrold. In the first game, played Saturday morning, Harrold won an easy victory over Thompson, 25 to 8. Rook and McNamara starred for Harrold, Rook scoring ten points and McNamara registering thirteen counters. Frank Tomsu and Henry Sherman were stars for Thompson. The teams lined up as follows:

Harrold	Thompson	
McNamara	rf.	Sherman
Crawford	lf.	S. Tomsu
Rook	c.	F. Tomsu
Y. Nichols	rg.	Hooper
D. Vaughn	lg.	Arnold

Substitutes: Harrold—W. Vaughn for Crawford, C. Nichols for Rook, Gillis for D. Vaughn.

Noses Out Vernon.

Vernon and East Vernon played early Saturday afternoon for the privilege of meeting Harrold in the finals. The game was closely contested from the start. Vernon's passing was above average, but the locals were unable to connect with the basket. East Vernon won the game 6 to 2.

The teams lined up as follows:

Vernon	East Vernon	
Castleberry	f.	Myers
Luttrell	f.	Shaw
Wheeler	c.	Sullivan
Watts	g.	Castleberry
Mason	g.	Huffman

YEARN'S FOR ASSOCIATIONS IN FAR AWAY WILBARGER

W. M. Huff, away off in Santa Ana, Calif., is still hankering for the old sights and friends in Wilbarger county. Casting generous compliments toward a portion of Texas he will never forget he says in a letter to The Record:

"I read the first edition of your paper Saturday and find it is still the best in West Texas as of old. I like this country fine and may spend the balance of my days here. But I love Texas, too, and the old poetry I learned when a boy comes to my mind: "Breathes there a man with soul so dead

"Who never to himself hath said "This is my own, my native land," "Texas is the empire state of the Union and I notice that she leads many thousands in financial and crop reports notwithstanding the drought. I am always glad to hear from Texas and especially Vernon and Wilbarger."

HARRY MASON AND SOLON SEWELL TO SEEK MAYORALTY

Candidates File Requisite Petitions Saturday—Blackwood Withdraws From Race—Three Offer Selves For Commissioners—No Comments On Possible Platforms.

Two candidates will be offered to voters of Vernon for the office of mayor at the city election April 4. They are Harry Mason, present head of civic affairs, and Solon Sewell, former mayor. Both are well-known locally and have taken active parts in Vernon's affairs for years.

William Blackwood, present commissioner, who submitted a qualified petition for the mayoralty, withdrew Saturday. A commissioner from the east side, precinct number 2, will be selected from E. B. Owens and J. W. Leak.

Offer No Comment.

Both are well-known here. Owens is in the insurance business and Leak is the proprietor of a battery service station. J. H. Pendleton will be the only candidate for commissioner from the west side, precinct number 1.

No comment on possible platforms could be had from the mayoralty candidates. Mr. Mason is in Dallas for the purpose of obtaining the services of an appraiser for the Texas Public Service Company, property here, and Mr. Sewell declined to offer any comment until his plans are more definitely formulated.

RAISE CHAMBER BUDGET.

Fourteen Committees Assume Task of Providing Finances For Coming Year.

Fourteen committees from the Chamber of Commerce yesterday commenced a drive to raise between \$5,000 and \$6,000 estimated necessary for a budget to supply the needs of the ensuing year. Only three committees had reported back at noon today, but their efforts had been 100 per cent rewarded.

Four members constitute each canvassing group, and a chairman has been appointed for each. Each committee is assigned to a business block.

Chamber directors have as yet made no arrangements for a new secretary. Several applications are on file but the heads will await the successful raising of the budget before taking definite action along this line.

MAY SHOOT PYRAMID WHEN ADJUSTMENTS ARE MADE

Reconstruction on the Pyramid number 2 location will in all probability take place when satisfactory insurance adjustments have been made for damage created by a recent wind storm according to George Long, representative of the company. No word has as yet been received here from Peoria, Ill., headquarters for the company.

MONSTER RABBIT DRIVE PLANNED AT TOLBERT

Much interest is centered in a rabbit drive scheduled to be held north of Tolbert Thursday afternoon. Those who desire to participate are requested to bring only shotguns, and to meet about one and one-half to two miles north of Tolbert at 1 p. m.

Rabbits are causing great damage in the neighborhood, residents assert.

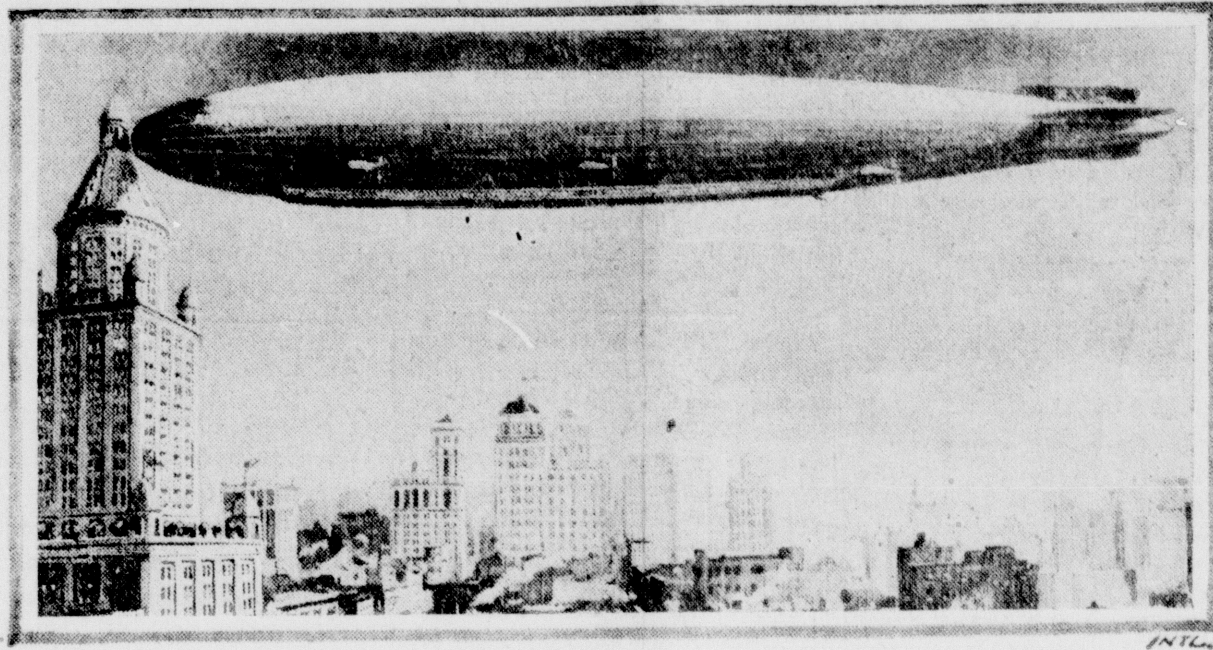

Doans Residents Snowbound.

Residents of the Doans community were snowbound for a day or more last week, according to Mrs. Bertha Ross, who was in town Saturday. A draw on the only available road became filled with a huge snowbank that blocked all travel. No mail service from Vernon was received all week following the storm Tuesday.

Senior Class Has Party.

Members of the senior class of Vernon high school enjoyed a social evening Friday at the home of Miss Annab Jo Pendleton on West Texas street. Guests danced, played cards and ate, and following games were served with hot chocolate and sandwiches.

NEW YORK-CHICAGO "AIR CASTLE" PLANNED FOR 1924.

Despite the fact scores of lives were lost in the destruction of the giant dirigibles ZR-2 and Roma, purchased respectively from England and Italy by the United States, plans are being evolved by the Connecticut Aircraft Company of New Haven for the establishment in 1924 of a commercial air line between New York and Chicago. "The Aurora," shown here, will be 250 feet long and capable of carrying 300 passengers and 20,000 pounds of baggage, declare officials of the company. Plans for its construction already have been made and if they materialize, say the backers, "flying passengers" soon will be able to eat breakfast in New York and fly to Chicago in time for dinner. Daily schedules for the "Aurora" will be arranged when the dirigible is completed. It is declared.

WOULD BUILD NEW SCHOOL AT FARGO

RESIDENTS OBTAIN PETITION FROM OFFICE OF COUNTY SUPERINTENDENT

Fargo residents yesterday obtained from the county superintendent a blank petition which will be used for the purpose of building a new school house in that community. It is planned to erect a structure costing about \$8,000.

Fargo recently lost its school house through fire, and since then pupils are being accommodated only in makeshift fashion. The building destroyed was the newest and one of the best equipped in the county. Residents expect to have a sufficient number of signatures on the petition by today, and will then seek to have a bond election ordered.

Frame Building Best.

In discussing school buildings of today, L. A. Hollar, county superintendent, remarked yesterday that he was informed by the State rural school inspector on his recent visit that frame structures are proving most satisfactory from an economical standpoint. Brick houses, it was pointed out, have a tendency to settle, thus causing an extra expense for re-plastering.

DISTRICT COURT ADJOURNS.

Wilbarger County Civil Docket One Of Heaviest In History—No Extra Session.

District court for Wilbarger county adjourned Saturday night after a four weeks' session featured by an especially heavy civil docket. An extra session has not been decided upon.

A majority of the fifty-four indictments returned by the grand jury did not come under the consideration of the past court. Most of those accused have not as yet been arrested.

District court is now being held at Quanah. J. A. Nabers, presiding judge, went to Quanah the first of the week.

Board of Missions Meets Monday.

The Christian Women's Board of Missions met Monday afternoon, March 6 at 3 o'clock with Mrs. R. H. Coffee at her home on West Paradise street. Mrs. J. H. Pendleton served as leader in the absence of Mrs. Harper Reed. At the conclusion of the study and business meeting, dainty refreshments were served to twenty-five members. The next meeting of the Board will be held April 3, at the home of Mrs. C. R. Staley. Mrs. Henry Rogers will be leader.

Day of Prayer at Church.

Ladies of the Baptist church will observe Wednesday as a day of prayer. There will be a continuous program at the local church throughout the day. It will be conducted by the various divisions of the auxiliary.

Kramer Lions' Secretary.

At the regular Friday luncheon of the Lions Club, Friday, March 3, L. P. Kramer was elected secretary of the local organization, succeeding Rev. Gus Ramage, who has resigned.

Will Fill Local Pulpit.

Jeff D. Rhea, of the Fort Worth Baptist Seminary, has been called as a supply to fill the pulpit of the local Baptist Church until arrangements small have been made for a pastor to fill this position permanently.

THEATER PACKED IN FIDDLERS' CONTEST

LOCAL PERFORMERS WIN STORM OF APPLAUSE AT ELECTRA PERFORMANCES.

Sally Goodin the beautiful, Sally Goodin the irresistible, Sally Goodin of old Friday and Saturday charmed the hearts of Wilbarger and Wichita county folk with her entrancing appeal. Relegated for some time to a position approaching oblivion by the resonant clang of incessant jazz, Miss Sally suddenly emerged from obscurity on the stage of the Grand Theater in Electra and claimed the hearts of her audience.

From the bow of Eck Robertson, premier Vernon fiddler, and the instruments of his local contemporaries came the strains that set feet a-pattering and eyes a-dancing at the performances Friday night, Saturday afternoon and Friday night, Saturday afternoon and Turkey in the Hay, and all of the familiar galaxy of airs thrummed through the auditorium and called forth the cheers of the hundreds who packed the enclosure.

Seven From Vernon.

Eck Robertson, Lewis Franklin, Dr. A. P. Howard and Tom Lee composed the Vernon representation at the old fiddlers' contest at Electra last week-end. That is, the quartet upheld Wilbarger honors musically. Lloyd Parker in a hula hula dance won round after round of applause, and Snow Ball and Tar Baby, Ethiopian ragamuffin dancers of Vernon, "bucked and winged" in the fashion only possessed by the tickle toe artists of their race.

W. P. Stafford of Tipton, Okla., was awarded first prize money of ten dollars for the most creditable performance from a fiddler more than 60 years old. Henry C. Gilliland of Altus, Okla., took second money consisting of five dollars.

Tom Lee Is Winner.

Tom Lee of Vernon, supplementing his work on the violin with a wondrous round of gyrations and antics that brought storms of cheers, received first prize of ten dollars for the best fiddler under 60. Robertson, whose performance was not embellished with a similar assortment of variations, had to be contented with second place and five dollars.

There was fiddling in unison, fiddling in fours, fiddling duets, and fiddling solos. There was every combination of playing from trick bow work to performing on the instrument of a fellow musician, one managing the bow the other handling the viola.

May Stage Here.

The entire three performances were designated the most attractive seen in Electra in months. Many citizens in Vernon have requested a similar contest here, and it is possible that one may be arranged in the event satisfactory arrangements can be made with the local show house.

Would Distribute School Supplies.

Supplies to be used in the election of county and school trustees have been received at the office of the county superintendent and are ready for distribution. L. A. Hollar is desirous that this material be used for at once. Census supplies are also on hand.

Y. P. M. S. To Meet Thursday.

The Young People's Missionary Society of the Methodist Church will meet Thursday afternoon at 4 o'clock at the church. The "Devotion" from Mexico will be there to give a report of the Mexican family life.

Mail Service Resumed In Full.

Mail service on all routes out of Vernon has been resumed in full since the interruption occasioned by last week's storm. Delivery on route A was entirely suspended, and partially interrupted on the remaining lines of communication last week.

Forty Point Rise In Cotton.

Cotton reports for the last few days reveal that the market this morning was forty points higher than that existing two days ago. There was a rise of twenty points soon after the opening today, and a similar rise yesterday.

VALUATION WILL BE PLACED UPON LOCAL LIGHT PLANT

Appraisers Representing Both City And Public Utilities Company Expected Here Shortly—Officials Offer Compromise In Rates But Proposition Is Rejected.

An appraisal of the local light plant belonging to the Texas Public Service Company will be made shortly by firms representing both the corporation and the city with the view of a possible purchase of the holdings here by the municipality. Harry Mason, mayor, A. V. Foster, president of the Texas Public Service Company, and J. R. Easton, also of the company, are in Dallas at this time arranging for the services of appraisers.

The action followed a conference here last week between city officials and representatives of the public utilities company with a view of settling the light situation. Rates were discussed and Mr. Foster and his associate agreed to make the best offer possible in current charges in the event the city would accede to the proposition of leaving matters as they are.

Tie Vote Results.

The mayor and one commissioner were in favor of affecting a compromise of this sort, but the remaining two commissioners were not to be won to such a course. It was their contention that the people had voted to own their light plant, and that no other plan could be considered.

Officials of the company then agreed to sell their property here at a price put upon it by authoritative appraisers, and it was finally agreed that each party in the dealings should arrange for the services of an individual set of appraisers. The city, however, reserved the right not to buy the plant except at its own discretion regardless of the valuation placed upon it by the appraisers.

The appraisal, it is thought, will require about a week. Upon its completion, further action is problematical.

BOILER DIFFICULTIES PLUNGE TOWN IN DARKNESS SUNDAY

Boiler trouble Sunday night was responsible for the period Vernon spent in darkness when all but street lights in the city were without current. The defect has been corrected and no further difficulty is anticipated.

Current was shut off earlier Sunday to permit the erection of a smoke stack at the local plant. Threatening weather prevented this enterprise being carried out one week earlier as planned.

Current Monday morning was shut off at short intervals while guy wires were taken across live wires.

ARMY MAJOR TO MAKE INSPECTION AND ADDRESS CITIZENS

Major William L. Culbertson of the United States army will make an annual inspection of the local national guard company tonight at 6 o'clock. Following the inspection the visiting officer will address a mass meeting of citizens at the court house on present plans for national defense.

The court house meeting will commence at 8 o'clock. The attendance in the district court room will constitute a part of the report to the War Department on the Vernon company.

TRIANGLE DOWN 1,850 FEET AND MAKING GOOD PROGRESS

Triangle drillers have reached a depth in the neighborhood of 1,850 feet, and steady progress is being made in the hole. Work was suspended a few days last week due to inclement weather and a shortage of oil, but is progressing rapidly at this time.

Workmen on the location are exceedingly optimistic over the prospects of the project. It is hoped to pick up a pay sand at 1,908 feet.

Workman Injured.

James Copeland, a workman in the employ of the Fort Worth and Denver Railway near Alvord, was brought to Vernon Monday to the office of a local physician, following an injury to his leg, which had been caused by falling timbers. He was taken to Fort Worth the same day, where he will undergo treatment at one of the city's hospitals.

ENTHUSIASM GROWS FOR PRODUCTION OF FINER BRED HOGS

Wilbarger Farmers, Especially In Oklahoma Community, Sense Opportunities Offered In Production Of Better Stock—Plan For Exhibits At Next County Fair.

As an indication of the extent to which interest in the Wilbarger hog industry has grown is the fact that there are more than 100 registered bred sows in the county at this time, and many farmers are eagerly seeking every opportunity to judiciously increase their herds. There is much discussion centering around the next county fair, and every indication that an exhibit in hogs unparalleled in Wilbarger will be forthcoming at that time.

With 100 bred sows expected to farrow within thirty or sixty days county stock promises to be considerably augmented within a short time. Every litter will consist of pigs possessing pedigrees and of well bred, registered stock. Hog men assume that with eight pigs to the litter Wilbarger county should soon have its fine hog stock multiplied to eight times its present proportions.

Bourland and Sharp Lead.

A. M. Bourland and his son-in-law, Marvin Sharp, are justly to be considered the pioneers in Wilbarger hog raising, and the possessors of the finest herds at this time. Transmission, formerly Long Orange, Jr., heading the Bourland and Sharp herds, is of a well-known strain and has received notoriety throughout the State.

Numbers of proud farmers in the Oklahoma community has recently purchased fine bred gilts and sows, all of which come from registered herds of the big bone Poland China type. It is deemed by these agriculturists that high class, registered sows will furnish excellent seed stock. The low grade and scrub hog, said one of the farmers, has no place on the farm, and the industry cannot be made remunerative without pure bred stock.

Pupils Start Project.

Among those of Oklahoma who are manifesting the most interest in better hog raising are L. H. Cronger, the Moore brothers, Harris Orr, Mr. Boaz, Mr. Gos, Rufus Byars, Rex Boyd, New Miss King, S. D. Lawless, and Ed Smith. Ounie Simmons, living six miles east of Vernon, and M. J. and J. H. Thomas, living three miles northwest of town are also to be considered breeders of fine stock.

Several pupils of the Oklahoma agricultural class were the first to import fine registered Poland Chinas into the community. They were Travis and Boyd Butler and Miss Dobbins, who obtained Transmission gilts for the purpose of conducting agricultural class projects.

Transmission Stock Features.

Fifteen sows in the county are bred to Transmission, the huge Poland China and fifteen gilts are offsprings of the boar belonging to Bourland and Sharp, giant hog. Several animals in Wilbarger are from the well-known Orr line at Margaret.

The first public hog sale of any proportions in the county was instituted last August by Bourland and Sharp at their place four miles east of town. The second sale, conducted February 10, was eminently successful, and the breeders are planning for their third offering of this kind for next August.

Conditions in Wilbarger county, it is pointed out by those interested in the industry, are auspicious for raising hogs. There is an abundance of good feed, and climatic conditions are distinctly favorable to the cultivation of this branch of agriculture.

VERNON MAN HONORED WITH RESPONSIBLE POSITION

Horace E. Westmoreland, formerly of Vernon, has been promoted to an assistantship to the vice-president and general manager of the McQuay-Norris Manufacturing Co. of St. Louis, and will receive a salary of \$5,000 a year. Mr. and Mrs. Westmoreland and little daughter visited in Vernon a few days ago before moving to St. Louis.

Mr. Westmoreland has been branch manager of the concern for a number of years with headquarters at Dallas. He is the son of Mrs. J. E. Collins of this city and was born and reared in Vernon, receiving his education in local schools.

THERE WAS A TIME

When photography was merely a matter of making a map of one's features, and the process then was so unusual that nothing more was to be expected. Nowadays people are more critical. Lighting, posing, draping, all have to be studied, and the discerning customer knows the difference between a good photograph and a poor one, probably without realizing just where the difference lies. In that difference must lie the reason why so many of our patrons return year after year. They appreciate good photography, such as we give them.

PAINT UP BRIGHTEN UP—CHEER UP WITH LONG-BELL PAINT

Isn't it surprising how a little paint will brighten up an old building—and make it last much longer? Ever notice how Dame Nature paints everything she produces—Greens for Spring—Yellow, Gold and Brown for the Fall. This world would be a gloomy place without color.

We should gladden our dwellings and outbuildings with color as Nature does all out-doors.

"SAVE THE SURFACE AND YOU SAVE ALL." That's true and important for it means that PAINTING IS ECONOMY. Paint seals up the pores in lumber, shuts out the moisture, prevents decay and the building lasts twice as long when it's painted regularly. You put yourself under no obligation by asking for our color card and estimate of the paint you require. We handle paint of the best quality and will cheerfully figure the cost of your painting job.

ES IMPROVEMENT FOR WEST TEXAS

L. McCARTER SAYS FARMERS AND BUSINESS MEN ARE OPTIMISTIC

Business and farming conditions in West Texas appear materially improved over those existing several months ago, according to E. L. McCarter, field representative of the West Texas Chamber of Commerce, who was in the region last week-end. Mr. McCarter formerly lived in this city. Since his connection with the commercial organization he has come intimately into contact with merchants, farmers and bankers throughout the western part of the state.

The cattle industry appears to show the most marked improvement. Mr. McCarter remarked. Farmers, though, are receiving more for their produce generally than was the case a few months past. Merchants, too, are prone to express their optimism and bankers in West Texas see better prospects ahead.

Id Fatten at Home.
Wilbur, special missions," said the East. "to induce farmers to contract and prepare them to market at home. The practice of shipping beef north in order to make it a finished product and returning to Texas yards for sale is one we think should be discouraged.

Experiments have shown that Texas farmers can easily accomplish this home. Ten acres of grass, on the average, is required to feed a steer during one year. On many farms cattle are fed four years before they reach a marketable weight of 1,000 pounds.

Teach Feed Conservation.
We can prove that a calf in one year can be made to weigh as much as a product it has heretofore required years to produce. Through specified feeding during a specified period, from thirty to sixty days, the animal can be made suitable for market and is more profitable after because it is young.

I was talking to a Post City breeder recently who fed his calves for sixty days on prepared feed, part of which was a mixture of cottonseed meal, molasses, and other ingredients. He reported that his calves were top of the line at the July prize.

Money and Merit

A Million Dollars minus merit, would be a mighty poor investment to start in life with But a Banking Account—even a small one—well kept, is a mighty good asset always.

It means that you are known at your bank, and that you are known favorably. Nominal Capital, plus merit out weighs phenomenal capital, minus merit.

A well kept Banking account is a real asset, especially when kept with a strong, progressive bank such as this. It will pay you to investigate the service we offer. Certainly it will be a privilege to have you call and to place some helpful banking information before you.

SPRING SUITS

EVERYTHING has its day. Suits are having theirs this Spring. Bloused jackets, one button jackets with side flare, and boxed jackets; mandarin sleeves faced in high shades, up-outstanding collars, swagger waistcoats, hand embroidery, are little indicators showing that smart Suits know how to make the best of their opportunity.

The Tweeds Especially

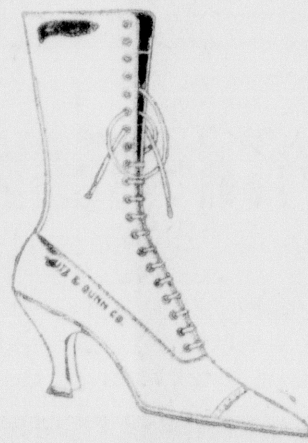

—Laid for fashion's favor and with bright blue, orchid and rose grounds overlaid in colors that contrast boldly, are daring enough to make their way in any company, especially that of smartly-dressed women. Their crisp tailored silhouette, dashing shoulder capes, and rugged fabrics make them gadabout costumes de luxe.

FOR EDUCATION'S SAKE.

A Federal Department of Education which would prepare a list of adequate school books which had been carefully reviewed and classified by the National Government should go far toward securing the uniformity in education and accuracy in the teaching of history which are in themselves a national bond. Obviously, no such list of books would be issued as anything else than suggestions and all acts of the Department would be advisory only.

When the Department of Agriculture reforms farmers of a good fertilizer it does not require them to use it—only their brains and free choice. So it would be with the list of books.

Much discussion at Washington is making about the Tower-Sterling bill to create a Department of Education. It would provide the Government with qualified experts who would prepare the curriculum for the intelligence of the nation to the same

for the benefit of our farms and live-stock.

Such a Department would have strong Americanization features. It would assist incalculably in the problem of assimilating the foreign born who come to our shores. This feature and the encouragement of American ideals and democracy through such a department would appear to commend it heartily to the good will of the public.

A NEW ASSET FOR VERNON.

More merit is carried in the project undertaken by the Rotary Club to provide Vernon with a tourist camp grounds than is caught in a casual consideration of the undertaking. Adequately carried out, the enterprise should be worth hundreds of dollars to the community annually.

Other towns along the Colorado-Gulf have sensed the advisability of providing for the comfort of the travelers visiting them during vacation months, and many have already equipped themselves in this respect. A marker just beyond the western edge of Vernon proclaims the camp grounds of Plainview are but 171 miles distant and are free for use.

With a steady expansion of surface improvement on this great artery extending from the Gulf to Denver, travel will just as consistently increase. It is only natural to expect the coming summer tourists to greatly outnumber those of 1921.

Vernon is now looked upon as a natural stopping point by those traversing the great highway. It is a comfortable day's drive from other towns selected as desirable community in which tourists may spend the nights. With well equipped and attractive camp grounds Vernon will become possessed of a tremendous asset which should in turn prove highly remunerative to the merchants of the city.

CLUB WOMEN ACTIVE.

Wilbarger Farmers Make Twenty-Four Dress Forms During Month of January.

Twenty four dress forms were made during January by Wilbarger women of home demonstration clubs. This number is not exceeded in many counties during an entire year. Eight heaves were canned during February by club women.

An exhibit for the Fat Stock Show at Fort Worth has been forwarded from this county. It consists in the main of sewing, canned goods, hats, dress forms, and some grains.

Miss Eula Goodfellow, county home demonstration agent, has been asked by the management of the Southwestern Exposition and Fat Stock Show to assist in the decoration of the West Texas booth. She will leave tomorrow for that purpose.

Entertain Harrold Teachers.

A quintet of local musicians, calling themselves the "Vernon Dizzy Five," entertained school teachers of Harrold last night with a concert in that community. Miss Thelma Smith and Miss Ethel Haney assisted in the programs with readings. Those who made the trip were Mr. and Mrs. Robert Hoffman, Mr. Casper, Jessie Hollar, Harold Bonner, and Andy Thompson. The Dizzy five, however, is composed of Mrs. Casper, Thornton Ferguson, Robert Taylor, Homer Smith and "Nappy" Baird.

Wants Further Rain Announcement.

J. A. Kubala of Granger, a property owner in Wilbarger county, announces in remitting to The Record for a subscription that he would gladly send more if the paper would announce additional snow and rain. Mr. Kubala says that rainy weather has prevailed at Granger for two weeks, but there has been no snow. Mr. Kubala owns a farm near the Elliott school.

Jas. W. Leak authorizes the announcement of his candidacy for the office of City Commissioner, Place No. 2, East Side.

Mr. Leak is an old resident of the county and a well known business man of Vernon. If elected, he will apply strict business principles and economy in the discharge of his public duties.

The voters of Vernon are respectfully requested to give Mr. Leak their careful consideration at the April election.

ARTHUR IVY ANNOUNCES AS CANDIDATE FOR TREASURER

Arthur Ivy, who makes his announcement in this issue of The Record for county treasurer, has lived in Wilbarger county nineteen years. For eight years of that period he has been a taxpayer.

Mr. Ivy is well-known over the county, and has many friends in Vernon where he has lived four years. Fifteen years of the time spent in Wilbarger were devoted to farming. Mr. Ivy believes the votes of county women will play an important part in the coming election.

Card of Thanks.

To those dear friends and neighbors who, during our recent bereavement, showed us so many tender kindnesses, we take this means of extending our sincere appreciation. Their gracious ministrations immeasurably served to make our load easier to bear. Especially are we grateful for the tokens of esteem expressed in the beautiful floral offerings.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Vernon people recommend Doan's Kidney Pills. Ask your neighbor? Could you ask for stronger proof of merit?

Mrs. J. L. Strickland, Olive Street, Vernon, says: "I got right down with my back and kidneys. It felt as if there were a hundred weights bearing down on the small of my back and hips. My back was so lame and sore that when I moved it seemed as if my back were breaking. When I stooped, sharp, cutting knife-like pains caught me in the small of my back. I had dizzy spells and my head ached all the time, and I felt dull and lame. I didn't rest well at night as my back hurt so. I began using Doan's Kidney Pills. After taking a few boxes of this remedy I was cured of the attack. I began using Doan's Kidney Pills. After taking a few boxes of this remedy I was cured of the attack. BURNS FATAL TO TINY HANEY BABY

INFANT SON OF THALIA COUPLE DIES FOLLOWING ACCIDENT THURSDAY

Billy Joe, 5 months old son of Mr. and Mrs. C. D. Haney of Thalia, died Friday morning at 7 o'clock following severe burns sustained Thursday morning when the infant toppled from a chair into a pan of hot ashes. Mr. Haney is a brother of Everett Haney of Vernon.

The accident, which occurred about 20 Thursday morning, took place in the kitchen while Mrs. Haney was dressing the baby. She put the baby in a chair and was attracted shortly by the little fellow's cries. Mr. Haney, known familiarly in Vernon as "Fat," had emptied the stove of ashes a few moments before the accident happened. The baby was burned badly over its face.

R. B. BRATTON ENTERS RACE FOR SHERIFF

The Record is authorized to announce the candidacy of R. B. (Bob) Bratton for the office of Sheriff of Wilbarger county, subject to the July primary.

Mr. Bratton is widely known and a highly respected citizen of the county, having resided here for a number of years. His experience as a peace officer embraces the major portion of his life.

The candidate was city marshal for Vernon for about five years, during which time the city experienced one of the most sensational oil booms in the history of northwest Texas, bringing hundreds and even thousands of strangers into its gates. With a coolness and effectiveness that only trained and competent peace officers possess, Mr. Bratton handled the local situation. No Texas Rangers were called upon to protect life and property in Vernon.

The voters of the county are respectfully requested to give Mr. Bratton's candidacy their careful consideration at the July primaries.

W. B. DOUGLAS OFFERS AS CANDIDATE FOR COMMISSIONER

W. B. (Bill) Douglas would serve as county commissioner from precinct number 4 and will offer his name to voters of precinct 4 at the election in July. Mr. Douglas has lived in this county all his life. The candidate will make an effort to get personally all voters in his precinct before July. He is a Democrat.

Entertains Bonheur Club

Mrs. R. E. Martin was hostess Friday at the Bonheur Bridge Club and invited as guests other than members Mesdames Tom Lisman, Everett Haney, O. A. Brunson, and B. A. Williams. Members present were Mesdames Y. H. Babin, E. C. Christian, Seth Ingram, Fred Thompson, Carl King, A. C. Nicholson, Conner, and Chancey Puckett. High score for club members was won by Mrs. Conner and for guests by Mrs. O. A. Brunson. A two-course luncheon was served.
